

ThermoPro

ThermoPro TP55 LCD Digital Hygrometer Backlight Thermometer Humidity Monitor

SKU: THEPROTP55WH
Manufacture Warranty period: 12 months
Country of Origin: China

Introduction

Designed with futuristic styling and professional-grade sensors, ThermoPro TP55 has the most sophisticated look and accurate measurements. Be it for humidity or temperature, it can help you to realize the adjustments that are necessary for your household. TP55 is not only highly accurate but also extremely user-friendly with a soft light for last-minute nighttime checks on current readings.

Further, no need to remove the device from your wall or fridge to switch settings, simply use the touchscreen display. Additionally, TP55 provides an ample amount of valuable information, for instance, displaying 24-hour/all-time high/low records and current trends for both humidity and temperature, and lastly, humidity level icons that indicate that your environment is too humid, too dry, or just right.

Features

- 4-inch large display for an easy viewing experience, including optional backlight and simple touchscreen.
- High accuracy 2~3%RH and $\pm 1.8^{\circ}\text{F}$ / $\pm 1^{\circ}\text{C}$, and a wide temperature range from -58°F to 158°F (-50°C ~ 70°C).
- Reads humidity and temperature levels so that you can regulate your environment for maximum comfort.
- Smart display with three specialty regulator levels so that you know if your office has low, comfortable or wet humidity.
- 2 kinds of mount designs for optimal placement around your office or factory, wall mount with hook, or a magnetic back.
- Measures current readings and compares to daily records so you know how to best prepare for the day.
- Fahrenheit degree and Celsius degree selector to switch freely by pressing the "easy to use" button.

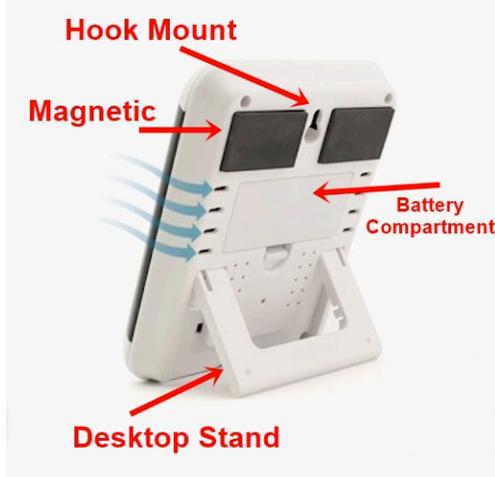

Specifications
